Format:

- Schools will play against each other in a round robin format.
- Games will be played on a badminton size court.

Rules:

The object of the game is to eliminate all opposing players by getting them OUT. This may be done by;

- Hitting the opposing player with a LIVE thrown ball below the shoulders
- Catching a LIVE ball thrown by the opposition before it touches the ground.
- If a player is out they can return to live play if a member of their team catches a live ball.

Definition: LIVE: a ball that has been thrown and has not touched anything, including the floor, another ball, another player, official or other item outside of the playing field (wall, ceiling, etc).

Boundaries: During play all players must remain within the boundary lines. Players may leave and enter the boundaries through their end line only to retrieve balls.

The opening rush: 3 balls are placed along the centre line. Players start behind the end line, touching the wall and on the official's start they 'rush' in and collect any of the balls. They must then ensure that they pass the ball backwards to a member of their team before they are allowed to strike the opposition.

Timing and winning a game: The first team to legally eliminate all opposing players will be declared winners. A 3 minute time limit applies to games and if neither team has been eliminated by the end of the minutes, the team with the greater number of players remaining will be the winners.

Equipment: NWLSSP will provide appropriate balls for the competition. All students must wear PE kit with all jewellery removed and long hair tied back.
